It's Just a Great Whine!

# The Whines

Our Head Breeder believes that a great wine, like a good pet, is not created overnight. It's a long-term commitment that requires research, planning, patience and training. He also knows it's all about the quality of your breeding stock – grape varieties that is. So whether you're dying to try one of our lovable "mutts" or a purebred, you'll know each Dog Tail Vineyards wine was created by a master who knows his breeds and knows the subtle differences location, soil and climate bring.

## Fire Hydrant Red

Fire Hydrant Red has all the structure you'd find in a Cabernet that's rich and full-bodied. It's packed with black currant and spicy cherry with subtle notes of vanilla, cedar and eucalyptus. Not bad for a "mutt" with a truly exceptional lineage.

## Watchdog White

Because it's got good breeding, varietals true to their character mixed together to create a one-of-a-kind, Watchdog White's refreshing style makes it a "must have" for all occasions. This lovable "mutt" is a delightful blend with intoxicating aromas of citrus and pear with a hint of honeysuckle. The flavors are reminiscent of pineapple and lychee fruit with just a touch of oak and sweetness to nicely balance the acidity.

## Cabernet Sauvignon

The true perfection of each breed is carefully evaluated from the top of their head to the tip of their tail. True champions come from noble lines like our classic Cabernet Sauvignon. This medium-bodied wine is complex yet clearly approachable. Rich flavors of spicy cherry, hints of herbs, cassis, currant and vanilla make for an extremely drinkable wine.

## Chardonnay

Dog Tail Vineyards' Chardonnay clearly shows its breeding. Wonderful aromas of citrus and fresh cut green apples fill the glass followed by refreshing flavors of pineapple and mountain ripe apples. This delightful purebred, balanced nicely by mild acidity, has a crisp, mineral style that finishes crisp and clean. Remember, Chardonnay is still "top dog" as far as whites go.

## Merlot

Dog Tail Merlot comes from one of the noble grape varieties that have been savored for centuries. This purebred's aroma is a heady mix of bright fruit and cedar spice with rich flavors of succulent juicy black cherries and plums. This sumptuous, smooth and silky red just wants to be loved.
